## AISIN Group Antitrust Compliance Policy

In accordance with "[AISIN Group Charter of Sustainability](#)," we, the AISIN Group of companies, contribute to the realization of sustainable economic growth and the resolution of social issues through fair, transparent and open competition in a socially responsible manner, while complying with applicable laws, rules and regulations.

### Contact with Competitors

---

We do not make contact with competitors without a legitimate business reason.

### Exchange of Information and Agreement with Competitors

---

We do not discuss, exchange information or agree on matters that affect competition with competitors such as the prices, sales, conditions of sale, sales territories or allocation of customers.

### Abuse of Superior Bargaining Position

---

We do not unfairly disadvantage our business partners in such a way as to lower the price without legitimate business reason, return products with our one-sided reason etc. by abusing our Superior bargaining position.

### Procedures for Business Combination

---

We follow required procedures in accordance with applicable laws of each country and region, when we carry out acquisition, merger and business transfer.
